

Social Media Article Assignment

You have been given an article which examines an aspect of Social Media and the connection to mental health in adolescents. There will be 2-3 other people in your group. Read the article, discuss it with your group, and be prepared to present the responses to the following questions:

- A short summary of the article (~200 words)
 - Title, authors, date
 - What are they investigating? Is there a research question?
 - How?
 - What group are they studying?
 - What did they find?
 - Are there questions for further investigation?
 - Was there anything surprising about the article? What did it make you think about?
 - What is your opinion about the research, the article, and do you have any further questions?
- In addition to presenting this information to the class, please post your responses on your ePortfolio, on your Unit 4 page, under the heading “Social Media and Mental Health”.**
